### GCU'S DIVERSITY APPROACH

#### COMMUNITY

Our community includes everyone from students, faculty and staff to our executive leadership team. These individuals work together to bring forth different disciplines, life experiences and cultural backgrounds to foster an innovative and collaborative community. GCU's professional board members also come from varying backgrounds – they are movers and shakers within their own profession. While they are known locally, and some even worldwide, their expertise is shared at GCU with our leadership team to ensure the university's focus remains on creating the best environment possible for students.

#### CHRISTIAN IDENTITY AND WORLDVIEW

Our Christian identity and worldview distinguish the GCU experience in the classroom and beyond. The integration of faith into our curriculum, values and overall college experience shapes students' character, disposition, sense of purpose and vocational aspirations. These attributes are pervasive, so they connect in many ways to the academic and extracurricular aspects of GCU.

#### AFFORDABILITY

GCU understands the cost of a college education is not only high, but rapidly increasing. This is why we remain committed to cost-effectiveness. Since 1949, we've been making private education affordable and accessible to all. We believe financial circumstances shouldn't dictate a student's future, so our university focuses on delivering creative solutions to keep costs affordable, which in turn has organically diversified our student body.
