Socials

Opportunities for students from similar cultures and backgrounds to meet, mingle and form relationships. These are hosted once a month throughout the school year.

Infinity Groups

These groups are formed around a shared identity and common goal to build fellowship among peers of non-dominant students. They foster inclusion and awareness within the GCU community.

Multicultural Lounge

A space open for all students to come and feel welcome. Here, students can interact with those from different backgrounds, giving them the opportunity to expand their community. Join us on the first floor of Kaibab Building 25.

WHO WE ARE

MEET OUR STUDENT LEADERS

"At the Multicultural Office, I get to experience other cultures and embrace my own. Here, I feel connected with people through our differences."

— Thi Nguyen

"The GCU Multicultural Office is more than a safe space to me. It has become part of my identity as a person, student and global citizen. This office allowed me to learn more about my own origins, provided me with the curiosity to discover others' perceptions and now blesses me with the ability to celebrate the values and beliefs of my peers."

— Theo Elias

"To me, the Multicultural Office means family. As an only child, the Multicultural Office made me feel a part of a big family where diversity and inclusivity run free."

— Autumn Thompson

"The Multicultural Office is the perfect place to meet people with similar views and backgrounds. In the Multicultural Lounge you can meet friends and find a safe place to hang out on campus while learning about different cultures. This has made the university feel more like home."

— Maria Pimentel
