**GRAND CANYON
UNIVERSITY®**

Completed in as little as 16 months,¹ the ABSN program's combination of online classroom learning, hands-on skills lab, immersive simulation experiences and supervised clinicals can help you prepare to sit for the National Council Licensure Examination (NCLEX-RN®) upon graduation. Our NCLEX success managers will work with you even after graduation to help prepare you for the NCLEX-RN® exam and start your nursing career!

We also have many resources available to you, including our field experience counselors, ACE (Academic Centers for Excellence) and payment plans to help you potentially lower your debt upon graduation.

¹ Secondary applicants must transfer a minimum of 60 of the required 123 credits or have completed a baccalaureate degree which includes nine prerequisite courses/labs and 10 general education courses prior to starting the core nursing courses, which can be completed in as few as 16 months. Direct entry applicants that do not transfer 60 credits but meet the minimum requirements can complete these credits through GCU prior to starting the core nursing courses. Depending on the state where the student has enrolled or intends to complete the program, the student may require additional courses. This may include, but is not limited to, additional general education courses, courses in the major, clinical courses or a different course sequence. See University Policy Handbook.

Grand Canyon University is accredited by the Higher Learning Commission (HLCommission.org), an institutional accreditation agency recognized by the U.S. Department of Education. Program availability varies and is not offered in all states or modalities. Pre-licensure nursing students who begin or resume attendance in Fall 2020 and beyond will be ineligible to utilize most GCU institutional aid/scholarships for tuition and fees once accepted into the clinical portion of the program.
